WHOLESALE PRICE-LIST OF GLADIOLUS BULBS
In effect April 8th., 1935.

WARNING ! The supply of gladiolus bulbs of the better commercial varieties is getting quite limited. Many growers are already practically sold out. We expect to be sold out within a short time. Send your order in immediately to avoid disappointment. Better give a second choice of variety, if acceptable, as we do not substitute without permission. If sold out of a certain size, we will give the same value in the next larger or smaller size of the same variety, unless requested not to do so.
